Senate Bill 187: Comprehensive School Safety Plan Purpose

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements: Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. Every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at the school's front office.

Assessment of School Safety Plan

Belle Haven is an elementary school with a current enrollment of 363. The enrollment by ethnicity is 76.6% Hispanic-Latino, 8.3% African American, 9.9 %Pacific Islander, and 4.1% are two or more races. Of that total population, 100% are socio-economically disadvantaged (SED), 51.79 %English Learners (EL), and 61.2% homeless. Belle Haven has 16 classroom teachers, 10 additional credentialed teachers, 16 classified staff. It has 2 mental health providers.

From the 2021-2022 school year, Belle Haven had 57 office referrals. The majority of the office referrals were for physical aggression and minor physical contact. Belle Haven had an attendance rate of 88.78%. The school referred 3 students to the district level School Attendance Review Board. Last school year, 13 students were suspended out of school and 0 students were expelled.

Data around behavior and attendance are shared with the School Site Council are shared twice annually when creating the school safety plan and when reviewing the effectiveness of the school safety plan.

Strategies and Programs to Provide and Maintain a High Level of Safety

Belle Haven uses a positive behavior intervention support system. It provides tier 1 supports like instruction for procedures throughout the school, student recognition, and token economy. It provides tier 2 supports like social skills groups and group

counseling. It also provides tier 3 supports like a behavior support plan and individual counseling. Student success teams (SSTs) and Individualized Education Plans (IEPs) can provide additional strategies and supports to students.

The school partners with [CASSY / Star Vista / Child Mind Institute] for mental health services. Mental health providers meet with students in groups or one-on-one for typically 12-week cycles. Parents, students, or staff can make referrals for mental health services on campus. The mental health provider regularly meets with school administration. Additionally, the school can refer families to local agencies like Children’s Health Council and Care Solace for more support.

Belle Haven uses the San Mateo County Threat Assessment process on any student who has demonstrated concerning behavior that may be interpreted as violent or aggressive towards an individual or school. The administration and mental health provider will complete the level 1 and if necessary level 2 procedures when discussing the concerning behavior and subject. The school also uses the San Mateo County Suicide Prevention Protocol for students when necessary.

Based on data analysis, the School Safety Planning Committee identified two safety-related goals for this school year as well as the strategies and/or programs that will be used to meet those goals. The objective is to provide meaningful goals in order to improve the campus climate.

(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)

The Ravenswood City School District follows the San Mateo County procedures of The Big Five.

The Board shall cooperate with such agencies in furnishing and maintaining whatever services the district may deem necessary to meet the community's needs. (Education Code 32282)

When not needed for Ravenswood purposes, Ravenswood facilities may be used by the following outside groups: local school districts and educational agencies, other public agencies and committees or staffs thereof, non-profit organizations formed to serve the community or Ravenswood, other groups by specific authorization of the Board, Superintendent, or designee.

The purposes for which the above groups may use facilities include educational or training programs, meetings of a public agency, emergency community services, and other purposes by specific authorization of the Superintendent or designee.

Any use by an outside group shall not interfere with any Ravenswood uses of the facilities. The Superintendent or designee has authority to grant or deny at their discretion any use at any time.

Ravenswood may charge the user a fee, up to the fair rental value of the facility being used and/or the recovery of any expenses the Office might incur related to the use of the facility. Prior to any use, the user and Ravenswood staff shall sign an agreement specifying the conditions of use and the fee, if any.

The user is responsible for following all use regulations and procedures, maintaining order and protecting property and/or equipment at all times while utilizing the facilities. Any damage to property and/or equipment shall be repaired or replaced to the satisfaction of Ravenswood by the user. The user shall agree to indemnify, defend, and hold harmless Ravenswood from any and all claims, demands, suits, or any other action arising from the user's utilization of the facilities.

(C) School Suspension, Expulsion, and Mandatory Expulsion Guidelines

School policies follow district policies and state laws regarding suspension and expulsion. The suspension and expulsion policy is printed in the student handbook given to the student at the beginning of the year.

A student may be suspended from school by the principal or designee, Superintendent, or Board if it is determined that the student has committed an act as defined pursuant to one or more of the subdivisions.

A student may not be recommended for expulsion unless it is determined that the student has committed an act as defined pursuant to one or more of the subdivisions. The process is first the school site will confer with district representation to determine if the behavior offense warrants a recommendation for expulsion. If the Principal recommends expulsion, the case is then presented at the district office in front of two other administrators not connected to the school of origin. The team makes recommendations to the Board who will determine at that point if a student should be expelled from the Ravenswood City School District or not.

Firearms on Campus (BP 5131.7; Adopted 10/1/2010)

Ravenswood City School District is committed to providing a safe environment for students, staff, and visitors on campus. The Superintendent or designee shall consult with local law enforcement, insurance carriers, and other appropriate individuals and agencies to address the security of school campuses.

Only those persons specified in Penal Code 626.9(l)-(o) and 30310 are authorized to possess a firearm and/or ammunition on school grounds. School grounds include, but are not limited to, school buildings, fields, storage areas, and parking lots.

(D) Teacher Notification of Dangerous Pupils Procedures

Teachers are sent the list of students over the last three years who have been suspended or expelled and the reasons why. Additionally, staff are notified when a student is suspended from Belle Haven via email that the suspension was recorded in Infinite Campus. The suspension and incident is discussed with the teacher.

Additionally upon the receipt of the records of a new student during the school year, the office staff will review the record and notify the administration if there are additional documents needing review in the cumulative records.

When students are administratively transferred from one site to another for disciplinary reasons, teachers (to whom the student is assigned) at the new school are notified by the school administration and a meeting is held prior to transfer.

When the district receives information from the juvenile court system that a student has been convicted of a serious or violent crime requiring teacher notification, the principal will notify the teacher.

(E) Discrimination and Harassment Policy

Ravenswood City School District Board of Education prohibits bullying, harassment, discrimination, intimidation, or cyberbullying of any student. Prohibited behavior includes physical, verbal, nonverbal, or written conduct that is so severe or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the purpose or effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects the student's educational opportunities.

Anti-Harassment/Anti-Bullying (BP 5145.3 Adopted 6/14/2018, Revised 10/22/2020)

The Ravenswood City School District believes all students are entitled to a safe, orderly, caring, and equitable learning environment that promotes academic achievement, school connectedness, and meaningful participation for all students.

In addition, the District affirms the right of all students, staff, and parents/guardians to be free from harassment or any activity that degrades the unique qualities of an individual or association with a person or a group with one or more actual or perceived protected characteristics, to include students' parental, family, or marital status, ancestry, color, race, gender, gender identity, gender expression, ethnicity, age, culture, heritage, sexuality, physical/mental/intellectual attributes, or religious beliefs and practices.

This right applies to all acts related to school activity or school attendance within a school under the jurisdiction of the Superintendent. School personnel will take immediate steps to intervene when it is safe to do so and when he or she witnesses an act of discrimination, harassment, intimidation, or bullying.

To protect the rights of students, staff and other persons engaged in activities through Ravenswood City School District programs and to ensure a safe and supportive learning environment for all, the Ravenswood City School District expressly prohibits discrimination, intimidation, bullying, cyberbullying, or harassment of any student or employee by any employee, student, or other person on any school campus or at any school activity whether on or off campus.

The Ravenswood City School District expects students and employees to conduct themselves in keeping with their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students and school staff.

The Board recognizes that bullying and harassment are inflammatory to those victimized by such acts and jeopardizes the safety and wellbeing of students and staff.

(G) Procedures for safe ingress and egress of pupils, parents, and employees to and from school site

The Ravenswood City School District has developed a COVID Safety Protocol. Which is followed at the school sites. At the time this plan was developed it was highly recommended to wear masks on campus. We continue to follow county guidance.

School bus transportation is available for students to get to and from school. At designated corners, there are crossing guards to support students walking to bus stops and to schools.

Students are expected to wait at their designated bus stop. Families should complete the transportation form online so that the student's bus stops are accurately recorded.

While riding in a district vehicle, students are expected to maintain appropriate behavior. Students will be assigned seats on the bus to aid with contact tracing if that is needed. Bus schedules can be found at the main office.

Student supervision on campus begins at 8:00am. Students should not arrive at campus prior to 8:00am.

Students who arrive tardy are to check into the main office before reporting to class. Students who leave early are checked out through the main office and released to the parent or designee from emergency form. Identification is requested.

Adults coming on to campus are all directed to check in with the main office and have their visitor/volunteer badge visible at all times. If an adult or unfamiliar face is seen on campus, they will be asked to either check in with the main office or are escorted off campus.

After school, students should go directly to the appropriate dismissal areas. Students attending the after school program should report immediately to the after school program. Attendance

Student attendance is very important. When your child is at school, they are able to learn from their teacher and build relationships with their classmates. Please try to schedule appointments outside of school hours. If you are unable to schedule an appointment outside of school hours, please bring your child to school before and/or after the appointment.

Parents have access to Infinite Campus to check absences online. If you would like support in accessing Infinite Campus, please contact the main office.

If your child is absent please make sure to report the absence with a note or phone call to the main office within 5 days. Please remember to submit doctor notes.

The district has a student attendance review board (SARB). If your child has 3 unexcused absences, you will receive your first notification of truancy. If your child has 6 unexcused absences, you will receive your second notification of truancy. If your child has 9 unexcused absences, you will receive your third notification of truancy and have a pre-SARB meeting. This meeting is to help support the family with coming to school. If your child has 12 unexcused absences, then you will receive your fourth notification of truancy and have a SARB hearing.

If your child has 14 excused absences, you will need to bring a physician's verification of absence for any further absences.

A student is considered chronically absent if they are absent, excused and unexcused, for 10% at any time of the school year. If a student is enrolled for the entire school year, they are chronically absent if they were absent for 18 days.

(H) Safe and orderly environment conducive to learning at the school

Our school creates a safe and orderly environment through our PBIS systems. We teach students the behaviors, expectations, and procedures we want to see. We hold class meetings or advisory to build relationships with students. Additionally we have assemblies and activities to recognize student learning and progress with academics and behavior.

During distance learning it is still important to create a safe and orderly environment. It is more important than ever for classes to build strong, positive relationships with each other.

Recess

When we are on campus, recess includes free or organized play. We utilize our staff and partnerships with non-profits to support safe play by students.

Parent Participation

We welcome parent participation through School Site Council (SSC), English Learner Advisory Council (ELAC), family events, parent meetings, and volunteering. When visiting school, please sign in at the main office. If you are visiting the classroom or planning to volunteer, this should be coordinated prior to your arrival at school.

Volunteering

If you would like to volunteer, please complete the online volunteer application that is found on the district website. In addition to the application, proof of TB test results and fingerprints will need to be completed. Additionally, proof of COVID vaccination is needed.

Medication

All medication needs to have accompanied up-to-date Ravenswood City School District paperwork signed by the physician and signed by parents/guardians. In addition, medication must be turned in to the office unless the physician's documents state otherwise.

After School Programs

Each school has an after school program with dismissal until 6:00pm. Applications for the after school programs are available in the main office. Applications are taken on rolling admission depending on space. If the grade level is full, student applications are recorded for a waitlist maintained by the after school program coordinator. After school programs provide homework support, enrichment activities, and supper.

FOREWORD

FOREWORD

San Mateo County's Big Five protocols provide a shared understanding of emergency response using common language across the county's 23 school districts and 20 law enforcement agencies.

First released in 2014 after a year-long stakeholder engagement process involving experts from education, law enforcement, fire, public health, law, government, and the community at large, the Big Five provides five immediate actions for school leaders to implement in any emergency. The Big Five action responses are Shelter in Place; Drop, Cover, and Hold On; Secure Campus; Lockdown/Barricade; and Evacuation.

The Big Five is under constant review by the multi-disciplinary Steering Committee of the San Mateo County Coalition for Safe Schools and Communities. The Steering Committee meets regularly to review activities, analyze emerging challenges, and make recommendations.

In addition to the Big Five, the Coalition's portfolio includes the following countywide protocols: *Student Threat Assessment*, *Suicide Prevention Toolkit*, *Child Sexual Abuse Protocol*, and *CSEC and Human Trafficking Protocol for Educators*. In 2022-23, the Coalition is releasing its Naloxone Distribution Toolkit to further prevent loss of life due to fatal opioid drugs.

DISASTER SERVICE WORKER

California Government Code, Section 3100, Title 1, Division 4, Chapter 4 states that public employees are Disaster Service Workers and are subject to such disaster service activities as may be assigned by their superiors or emergency service commanders. The term "public employees" includes all persons employed by the state or any county, city, city and county, state agency or public district. The law applies in the following cases:

- When a local emergency is proclaimed
- When a state of emergency is proclaimed
- When a federal disaster declaration is made

WHAT DOES A DISASTER SERVICE WORKER DO?

- Public employees serving in the role of Disaster Service Workers may be asked to do jobs other than their usual duties for periods exceeding normal work hours
- Employees may be scheduled in shifts and asked to return to the work site at hours outside the normal workday
- Disaster Service Workers will be deployed within the Incident Command System and may perform a variety of duties including oversight of shelter care, communications, logistics, first aid and comfort, or community support and safety
- When pressed into disaster service, employees' Workers Compensation coverage becomes the responsibility of state government (OES), but the employer pays the overtime. These circumstances apply only when a local or state emergency is declared.

To provide effective support as a Disaster Service Worker, employees must have confidence their own families are well prepared to deal with emergencies in their absence. The time and energy a staff member commits to being prepared at home will provide the best assurance they are capable of dealing with the emergency situation at the school/work site.

CALLING 911

Response is the process of implementing appropriate actions while an emergency situation is unfolding. In this phase, schools mobilize the necessary resources to address the emergency at hand. This may include calling or texting 911.

When calling 911, be prepared to remain on the phone and answer specific questions. In order to complete an accurate assessment of the situation, the 911 Dispatcher must obtain as much information as possible to best inform emergency responders and engage the appropriate level of medical response.

WHEN REPORTING AN EMERGENCY:

- Remain calm and speak slowly and clearly
- Be prepared to provide name, location of the incident, and caller's location, if different from the scene of the emergency
- Although caller ID information may transfer immediately to the 911 Dispatcher, it is not available in all locations. The 911 Dispatcher will confirm and verify the phone number and address for every call received.
- Answer all questions asked by the 911 Dispatcher, even those that seem repetitious
- Do not hang up until the Dispatcher says to do so

CALLING 911 FROM A CELL PHONE:

- Cell phone calls to 911 are often sent to a 911 answering point based on cell radio coverage. Cell coverage areas don't always match city boundaries.
- Know your cell phone number and be prepared to give the dispatcher an exact address

TEXT TO 911:

Text to 911 is the ability to send a text message to reach 911 emergency call takers from your mobile phone or device. However, because text to 911 is currently only available in certain locations, always make a voice call to contact 911 during an emergency whenever possible. Call if you can. Text if you can't.

When calling 911, time is of the essence. Remain calm; speak slowly and clearly. The 911 Dispatcher needs to gather the correct information the first time they ask for it.

INCLUSIVE PRACTICES

This section lists inclusive practices that can be employed to assist students with non-ambulatory needs, cognitive and developmental needs, sensory needs and mental health needs.

- The needs of students will vary depending on the student
- It is important to model confidence and competence during a drill or emergency incident
- All students need to know that it is okay to feel afraid, sad, angry, or worried during an emergency incident and encouraged to talk about what they are feeling or experiencing
- Consider creating an Individual Emergency Plan for each student

For students with unique needs, consider creating an Individual Emergency Plan for each student.

THINK ON YOUR FEET

In the event of an emergency, quick thinking is imperative for survival. During a crisis, an individual must think on their feet to determine the best course of action. These choices may include:

- Get off campus
- Hide
- Go into Lockdown/Barricade
- Fight against an assailant in the most extreme circumstances

Understanding and practicing these options can help an individual respond decisively and in so doing, best ensure the safety and survival of self and others.

In the event of a Violent Intruder on campus, expect to hear noise from alarms, gunfire, explosions, and shouting. It is not uncommon for people experiencing a dangerous situation to first deny or rationalize the possible danger rather than respond. Quality training can help individuals think clearly and quickly during a chaotic scene. Proper training should include helping staff recognize the sounds of danger. Train staff and students to act decisively and remain flexible with a "think on your feet" approach.

LOOK, LISTEN AND LEAVE: FIRE ALARM

The **LOOK, LISTEN, AND LEAVE** protocol is an important action to practice when training the "think on your feet" mindset. At the sound of a fire alarm, staff and other leaders should take a moment to assess the scene before evacuating. The three steps of

LOOK, LISTEN, AND LEAVE are:

- **LOOK** - open the classroom door and look out. Do you see smoke or fire? Is the path to your pre-planned evacuation spot clear of obstacles? Do you notice anything out of the ordinary?
- **LISTEN** - in addition to the alarm, are there other sounds? Do you hear anything that would indicate it is unsafe to leave the room (explosions, panicked voices, the discharge of a weapon)?
- **LEAVE** - having determined it is safe to do so, direct students to leave the room toward the pre-determined evacuation spot.

IMMEDIATE ACTION RESPONSE: THE BIG FIVE

The Big Five is a set of **IMMEDIATE ACTION RESPONSES** intended to be implemented quickly in any variety of emergency situations. When an emergency occurs, it is critical that staff members take *immediate* steps to protect *themselves*, their *students*, and *other people* on campus.

Staff members must become familiar with each Immediate Action Response and be prepared to perform assigned responsibilities. All students must also be taught how to implement each of The Big Five protocols.

IMMEDIATE ACTION RESPONSE: THE BIG FIVE

BIG FIVE ACTION	WHEN	WHAT
SHELTER IN PLACE	Environmental hazards, dangerous air quality due to smoke or other contaminants, fire off-site, dangerous wildlife in the area, or severe weather	Isolate students and staff from the outdoor environment. Go inside. If hazard is airborne, close doors, windows, and air vents. Shut down air conditioning/heating units
DROP, COVER AND HOLD ON	Earthquake, explosion, or falling debris	Protect students and staff from falling debris, drop to the floor, take cover under heavy furniture and hold on.
SECURE CAMPUS	Potential threat of violence in the surrounding community and/or police activity off-campus and nearby	Calmly direct all staff/students indoors. Close and lock all classrooms/office doors. Continue instruction as planned. Remain indoors until otherwise directed.
LOCKDOWN/BARRICADE	Violent intruder on campus	Immediately seek safety indoors. Once inside, lock and barricade all doors. Cover windows and turn off lights. Remain quiet and alert. No one is allowed to enter or exit for any reason unless directed by law enforcement.
EVACUATION	Bomb threat, chemical/gas leak, fire inside the building or nearby premises, severe weather alert, after an earthquake or explosion, or when implementing Student Release/Reunification	Use the "Look, Listen, and Leave" protocol. Once it is deemed safe to exit buildings, lead students and school staff from school buildings to a predetermined location.

For more information about specific hazards, see *Emergency Management Resource Guide*.

SHELTER IN PLACE

SHELTER IN PLACE is a short-term measure implemented to isolate students and staff from the outdoor environment and prevent exposure to airborne contaminants or threats posed by wildlife or other environmental hazards. The procedures may necessitate closing and sealing doors, windows, and vents; shutting down the classroom/building heating, ventilation, and air conditioning systems to prevent exposure to the outside air; and turning off pilot lights.

SHELTER IN PLACE is considered appropriate for, but is not limited to, the following types of emergencies:

- External chemical release
- Fire in the community
- Hazardous material spills
- Unhealthy air quality outside
- Dangerous wildlife on or near campus

A Shelter-in-Place response may require that HVAC systems be shut down to provide protection from contaminated outside air. Students and staff may freely move about inside the buildings, but no one should leave the protected space until directed by fire officials, law enforcement, or site administration.

SHELTER IN PLACE:

- All heating, air conditioning, and ventilation systems may need to be shut down immediately depending on the hazard
- All pilot lights and sources of flame may need to be extinguished
- Any gaps around doors and windows may need to be sealed
- Allows for free movement within classrooms or offices

DROP, COVER, AND HOLD ON

DROP, COVER AND HOLD ON is the immediate action taken in the event of an earthquake or explosion and protects students and staff from flying and falling debris. It is an appropriate action for, but is not limited to, the following types of emergencies:

- Earthquake
- Explosion

In the event of an explosion, earthquake, or other event causing falling debris, immediately "DROP, COVER, and HOLD ON." Students and staff should drop to the floor, duck under a sturdy desk or table, cover the head with arms and hands, and hold onto furniture. Turn away from windows to stay clear of breaking glass. Individuals in wheelchairs can secure against an interior wall and lock the wheels. Protect head by covering with arms if possible.

DROP, COVER, AND HOLD ON:

- Must be practiced for immediate and automatic response
- Is the single most useful action to protect from injury in an earthquake
- In the event it is impossible to duck under sturdy furniture, continue to cover face and head with arms and hold onto something sturdy
- Most injuries in earthquakes are caused by breaking glass or falling objects
- Fire alarms and sprinkler systems may go off in buildings during an earthquake, even if there is no fire
- Stay alert to aftershocks
- Assist those with special needs to ensure safe cover for all
- Evacuate **only if** there is damage to the building, the building is on fire, or location is in a tsunami zone

SECURE CAMPUS

SECURE CAMPUS is implemented when the threat of violence or police action in the surrounding community requires precautionary measures to ensure the safety of staff and students. When a campus is in **SECURE CAMPUS** status, classroom instruction and/or activity may continue if all classroom and office doors are locked and all students and staff remain inside *through the duration of the event*, except for essential needs. Outer gates and other entrance/exit points can be closed (**NOT LOCKED**) to deter a potential perpetrator from entering school grounds.

During a Secure Campus, the Incident Command Team or staff assigned by the Incident Command Team shall assist in escorting students and staff who may need to leave the classroom for Essential Needs. Essential Needs can include but are not limited to the following.

- Bathrooming/Toileting
- Medical Needs/Response
- Mental Health/Wellness Needs/Response

This response is considered appropriate for, but not limited to, the following types of emergencies:

- Potential threat of violence in the surrounding community
- Law enforcement activity in the surrounding community

A **SECURE CAMPUS** response may be elevated to **LOCKDOWN / BARRICADE** as circumstances demand in which case instruction immediately ceases and students and staff follow **LOCKDOWN / BARRICADE** procedures.

Secure Campus allows for instruction to continue while the school takes preventative action in the event of a threat in the neighborhood surrounding a school. Lock all classroom/office doors, close entrance and exit points on the school's perimeter, and continue classroom instruction.

SECURE CAMPUS

SECURE CAMPUS:

- Is intended to prevent a potential threat present in the community from entering campus
- Heightens school safety while honoring instructional time
- Requires that all exterior classroom/office doors are locked and remain locked
- Is intended to prevent intruders from entering occupied areas of the building
- Requires that students and staff remain in **SECURE CAMPUS** status until **ALL CLEAR** is issued by School Incident Commander

LOCKDOWN / BARRICADE

LOCKDOWN / BARRICADE is implemented when the imminent threat of violence or gunfire is identified on the campus, or the school is directed to do so by law enforcement. During **LOCKDOWN / BARRICADE**, students are to always remain in designated classrooms or lockdown locations. Do not evacuate until room is cleared by law enforcement or site administration. This response is considered appropriate for, but not limited to, the following types of emergencies:

- Gunfire
- Threat of extreme violence outside the classroom

During a **LOCKDOWN / BARRICADE**, remember that immediate safety from the violent intruder is the priority and guides all actions, above all other concerns, including COVID-19 safety procedures.

Lockdown/Barricade requires closing and locking doors and barricading with heavy objects. No one is allowed to enter or exit until door-to-door release by law enforcement or School Incident Commander who will unlock door from the outside with keys.

LOCKDOWN / BARRICADE:

- Is a response to an immediate danger; it is not preceded by any warning
- Demands quick action; an active shooter, for example, can fire one round per second
- Requires common sense thinking under duress; do what must be done to best ensure survival of students and staff
- If it is possible to safely get off campus with students, take that action immediately (Run)
- If it is not possible to get off campus, quickly lockdown inside a safe room and barricade the entrance (Hide)
- Once a room is secured, no one is allowed to enter or exit under any circumstances
- Prioritize clear communication. Remove face covering if necessary.
- In the extreme instance that a Violent Intruder is able to enter a room, occupants should be prepared to fight back (Fight)

LOCKDOWN / BARRICADE

THINK ON YOUR FEET

In the event of a Violent Intruder on campus, quick thinking is imperative for survival. Especially when an active threat of violence is present, an individual must think on their feet to quickly determine the best course of action.

In the event of a Violent Intruder on campus, expect to hear noise from alarms, gunfire, explosions, and shouting. It is not uncommon for people confronted with a threat to first deny the possible danger rather than respond. Quality training can help individuals think clearly during a chaotic scene. Proper training should include helping staff recognize the sounds of danger and teaching them to forcefully communicate and take necessary action.

These actions would likely include:

ESCAPE / GET OFF CAMPUS:

- Only attempt this if confident the suspect(s) is not in the immediate vicinity
- Safely get off campus; find a position of cover or safe place for assembly
- Guide/encourage others you might encounter on the way to follow you to safety
- Call 911 immediately to report location and request emergency services if necessary
- Once in a safe place – stay there

HIDE / LOCKDOWN / BARRICADE:

- Clear all hallways; get students and staff inside immediately
- Once locked and barricaded inside a room, follow all protocols for Lockdown/Barricade as practiced
- Direct all those in the room to remain still and quiet; turn off/silence cell phones
- If unable to find cover inside a secure room, quickly seek out a hiding place on campus

LOCKDOWN / BARRICADE

FIGHT:

- If confronted by an assailant, as a last resort, consider trying to disrupt or incapacitate through aggressive force or by using items in the environment such as fire extinguishers or chairs
- There are documented instances where aggressive action on the part of the victims resulted in stopping the attacker
- Fighting back is NOT an expectation, merely one option for a last resort response

LOOK, LISTEN, AND LEAVE: FIRE ALARM

If site alarm is triggered during Lockdown/Barricade, always respond with caution and **LOOK** and **LISTEN** for unusual or violent activity before initiating an evacuation **LEAVE**.

- **LOOK** - open the classroom door and look out. Do you see smoke or fire? Is the path to your pre-planned evacuation spot clear of obstacles? Do you notice anything out of the ordinary?
- **LISTEN** - in addition to the alarm, are there other sounds? Do you hear anything that would indicate it is unsafe to leave the room (explosions, panicked voices, the discharge of a weapon)?
- **LEAVE** - only after determining it is safe to do so, direct students to leave the room toward the pre-determined evacuation spot

EVACUATION

EVACUATION is implemented when conditions make it unsafe to remain in the building. This action provides for the orderly movement of students and staff along prescribed routes from inside school buildings to a designated outside area of safety.

EVACUATION is considered appropriate for, but is not limited to, the following types of emergencies:

- Bomb threat
- Chemical accident
- Explosion or threat of explosion
- Fire
- Earthquake

In the event of an explosion, earthquake, or other event causing falling debris, **EVACUATION** will be preceded by a “**DROP, COVER, and HOLD ON**” protocol. Students and staff should drop to the floor, duck under a desk or table, cover the head with arms and hands, and hold onto furniture.

THINK ON YOUR FEET: LOOK, LISTEN, AND LEAVE - FIRE ALARM

Before evacuation, take a moment to look outside the door for any potential dangers. Listen for anything unusual that might pose a safety risk. Once it's determined the path is safe, evacuate the office or classroom to a designated safe area.

EVACUATION:

- Requires exit from the building to a designated safe site, on-campus or off-site
- May require that students and staff rely on district bus transportation
- May require staff to exit via alternate routes based on circumstances
- Requires that students remain with assigned teachers unless circumstances prohibit it
- Requires that staff and students assist those with special needs to ensure for safe egress of all

EVACUATION

EVACUATION ROUTES:

Take care in choosing a designated evacuation area. Consider whether there is a clear route to the area from all parts of the campus, and whether it is far enough away in the case of a fire or gas leak, but close enough to be reached on foot. Consider also having multiple designated evacuation areas in the event one is obstructed or otherwise becomes unsafe during an emergency. Make sure there is a clear, unblocked path onto campus for emergency vehicles. Be sure to include evacuation to designated area(s) as part of drills and training.

School Staff	California Government Code, Chapter 8, Section 3100 states: "...all public employee are hereby declared to be disaster service workers subject to disaster service activities as may be assigned to them by their superiors or by law." In accordance with these provisions, all staff members are considered "disaster service workers" during emergencies and must remain on site to carry out assigned responsibilities. School staff should be familiar with emergency procedures and any assigned responsibilities. During an emergency, staff will serve on response teams and implement response procedures. If a teacher has been assigned to a position in the following list, the teacher will first accompany the students to the Assembly Area, where they will be reassigned to another teacher. The teacher will then carry out assigned responsibilities.
